Note 1: Adjusted Gross Income is that figure reported by the taxpayer at the bottom of the first page of Federal Tax Form 1040.

Note 2: Returns claiming 0 exemptions are not considered in this analysis. Thus, income generated by dependent children is not included. Including this data would tend to lower the median adjusted gross income.

Note 3: The information shown below is not necessarily confined to "political boundaries". Rather, the information applies to "postal boundaries". For example, information regarding Alpine might not be confined to those who live within the city limits. It may also include those outside the city who use Alpine as their mailing address.
